our dna

streamlining global event management

high-end solutions for complex challenges

dna (destination network alliance) is a strategic collaboration between bnetwork, leading DMCs, and event management partners across key EMEA destinations.

as event organisers, you can lean on us for high-end solutions tailored to **your most demanding events**, all underscored by our commitment to service excellence and efficiency. We cater to every aspect of your event, from stakeholders such as clients, exhibitors, and attendees, to multi-strand activities like transport, trade shows and offsite events.

dna combines **local expertise**, superior **service** delivery, and bnetwork's proprietary cutting-edge **technology** platforms to provide bespoke and user-friendly accommodation management solutions for city-wide events.

we are part of your event

dna provides a secure, integrated, and efficient solution in a user-friendly environment

we understand that event organisers aspire to deliver **consistent service excellence** to their stakeholders and attendees, regardless of the event location. With dna, we guarantee this uniformity of top-tier service **across all our destinations**.

our ambitions:

- to provide you with a reliable, efficient, and stable accommodation management solution across all dna destinations.
- to establish a digital environment where our dna destinations offer services on an even playing field.
- to ensure the highest level of responsiveness and service in all dna destinations.

the high-end event solution

lisbon

lisbon is the main hub and is well served from europe, africa and the americas by both national and low-cost carriers

exceptional connectivity and emotions with voqin'

it also serves as a key gateway from europe to brazil. The airport's unique city location ensures short, time-efficient transfers. Porto, as the second major gateway, offers direct flights to europe, brazil, and africa, providing excellent two-centre options. Faro and madeira, popular for the algarve, both offer a range of direct flights to europe via national and low-cost carriers.
